

Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required?

A – C is a gravel track, C – D has a grass surface and is overgrown with brambles and other vegetation with some uneven ground. Walking boots are advised.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

None observed

3. Is the site remote and/or can it be seen from other highways or rights of way?

Fairly remote. The claimed route connects with the D20502 and D20503 roads. There are residential properties and holiday lodges abutting the route and a working farm north of point A.

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

Yes, good O2 and Vodafone signals

5. Is the right of way easily accessible? Will arrangements for access by the Inspector need to be made in advance?

Site visit will need to be arranged in advance by contacting the landowners.

6. Are there any dangerous pieces of equipment or substances stored at any point along the right of way?

None observed

7. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

There is a locked gate at point C, an unlocked but overgrown gate at point D and an electric security gate at point A1. Vehicular access via East Lane. Parking by prior arrangement.
