Dear Sir

I have filled in the consultation....agreeing with most of your suggestions around Blandford and Affordable Housing needs etc

My main concern is the safeguarding of the Spetisbury Charlton Marshall bypass route

The current study into the A350 , will probably be most concerned by the problems north of Blandford and the C13/A350 issue Anything done there will be of little help to the A350 villages east of Blandford  
Poole port is planning increased capacity and the road from port to Blandford is inadequate
