Dear Sir/Madam

I would like to object to the planning of proposed houses at the back of Butt Close.

The area chosen would restrict access to our local doctors surgery. Also there is sheltered in Rod Hill Close that is full of elderly residents, who already have to suffer unwanted noise and who walk to the Surgery. Has this sheltered Community been taken into consideration when submitting these plans. The sheltered Community is run by Magna Housing, have they been advise?

Kind Regards  
Wendy Roseby
