**Subject:** Proposed extension to the area for housing growth , south east of Blandford St.Mary  
**Date:** 14 September 2015 20:32:06

---

For the attention of Mr P James

As a concerned resident of Lower Blandford St. Mary it would appear that to allow further development at the junction of A350 and A 354 defeats the object of a 'By-Pass' which was primarily built to take traffic away from the town centre and increase road safety. Allowing this development will defeat all the arguments that was used to build the by-pass in the first instance !!

I'm sure there are more suitable sites away from the by pass such as areas adjacent to Bryanston village etc.. away from speeding coastal traffic !! and still maintain the integrity of the 'By-Pass' !!

Allen Shepherd
