**Subject:** Proposals to modify plans for land east of the former Creamery Sturminster Newton.  
**Date:** 20 August 2015 18:48:05

---

August 20th.

Dear Sirs,

I would like to object most strongly to the proposed modifications to outline planning for this site. I live overlooking the field in question and lived here happily for 6 years. It is a wonderful sight with views to the hills beyond. It is full of wildlife and the paths are used by loads of people to gain access to the railway and walking. People must have access to green areas.

The proposed changes would involve having a higher concentration of new houses than originally planned, more drainage problems and a huge amount of access disruption. Please rethink these modifications. By putting the allotments in the field next door it will open more land for building and Sturminster Newton will lose its identity like Gillingham and Shaftesbury.

Sturminster Newton is a special place. Lets keep it that way.

Yours

Pauline Hacıpasaoglu
