

Consultee response for application **WP/20/00692/DCC** from **Dorset Waste Partnership (DWP)**  
08/12/2020

Dear Planning Team – please find below comments by the Waste Disposal Authority

As the waste disposal authority we consider any additional capacity for the treatment of waste in Dorset would be welcome. However, our residual waste is currently under contract and any future treatment of the municipal waste that we collect would be subject to the normal competitive tender process, so we cannot guarantee any direct award of contract in the future for Dorset's residual waste.
