As one of the two owners of the land covered by Policy B2 – Land North & East of Blandford, the Coats family support the policy for the reasons the Plan-making body have given for allocating the land for residential, education, community and allotments. Development for these much-needed uses is best located on this side of the town, where there is room for the development, needs are on this side of the town, it is a sustainable location and the sites can be assimilated into their landscape setting. It is noted that the Neighbourhood Plan Examiner dealt with issues around the policy comprehensively at the Examination and conducted a very thorough site visit, assessing the site compared to other alternatives elsewhere around the town. He concluded favourably in respect of this policy and this conclusion is supported. The Coats family will continue to help facilitate this development in partnership with the other landowner, the housing developer, the Town Council and the education authority.
