**Date:** 12 March 2018

Dear Mr Galpin

**COMMUNITY INFRASTRUCTURE LEVY (CIL) AND THE REGULATION 123 LIST  
CONSULTATIONS MARCH 2018**

Thank you for consulting the Environment Agency on the above mentioned consultations.

We support the councils ongoing commitment to flood risk management infrastructure across Weymouth and Portland Borough Council and West Dorset District Council through the apportionment of CIL monies. As well as the inclusion of nutrient management matters within the West Dorset list.

We acknowledge that the documents will be updated to reflect any changing plans and evidence as part of your Local Plan review.

We would highlight that when your Authority look to update the Local Plan that you will need to update your Strategic Flood Risk Assessments and Flood Risk Management Strategy. These updates may then identify the need for specific plans and projects to be delivered for flood risk management purposes that need to be included in this list.

Please contact us if you have any queries

Yours sincerely

**MICHAEL HOLM**  
**Planning Advisor - Sustainable Places**
