

**SHEILA RICHARDS**

**Matter 4/B/3 for 663076's Statement for Matter 4**

**Land South of Burton**

**Effect of the allocation on the Conservation Area**

Not justified -

The allocation and its consequences disregards any acknowledged attributes of the Conservation Area. The Conservation Area Plan of 2007 does not appear to have much credence. Individual householders are obliged to comply with it, whilst CC, in response to the Meyrick Estate's proposals, ignores its documented attributes and rewrites them - this could imply double standards.

Modification - Remove CN2 from the CS
