

The Commons Act 2006 (Section 19 paragraph 2 (a))
Application to correct the register by removing land registered as common land -
CL98 – Application No. CLD2022/1

Notice is hereby given that an application has been made by Michelmores LLP on behalf of the applicant, Malcolm Shakesby to Dorset Council as Commons Registration Authority, in respect of a parcel of land as shown shaded green and outlined in red on the accompanying plan ('the Land').

Summary of the effect of the application:

The Land was provisionally registered as common land on 28 June 1968, under Section 4, Commons Registration Act 1965 and designated as Knighton Common ref CL98. The provisional registration became final on 1 October 1970. It is asserted that the Land was added to the Commons Register in error and has been mistakenly designated as common land since the date of its registration.

The application seeks to remove from the Commons Register that parcel of land shown on the accompanying plan. If the application is granted, in whole or in part, the registration authority will give effect to the determination by removing the land from the register of common land.
