Subject: 3/20/2281/PNAGD - Barn adj. to Anchor Paddock, Batchelors Lane, Holt, Wimborne, BH21 7DS

Hi Ellie

**3/20/2281/PNAGD –
Convert machinery barn into residential dwelling**

Thank you for sight of this application. I would suggest the standard contaminated land condition is applied here given the potential for previous agricultural contaminative activities on site and the proposed end use. A desktop preliminary risk assessment should initially be undertaken to establish the potential risk of any possible contamination.

Kind regards

Louise Joyner
