## **TOWN AND COUNTRY PLANNING ACTS**

**TOWN AND COUNTRY  
PLANNING (ENGLAND) 1990**

- Giuliani Architects  
Giuliani Architects  
24 Wilson Avenue  
Henley On Thames  
RG9 1ET

### **NOTIFICATION OF APPROVAL OF PLANNING PERMISSION**

**Application Number:** 233172  
**Applicant Name:** Christopher Williams  
**Site Address:** Atlanta, Wargrave Road, Remenham, Wokingham, RG9 3JD  
**Proposal:** Full application for the construction of a replacement dwelling within a mixed use site of leisure/recreation and residential, following the demolition of the existing dwelling, storage building and decking.  
**Date of Decision:** 26 July 2024

Wokingham Borough Council in pursuance of its powers under the above Acts and Regulations hereby **grants permission** for the above development to be carried out as stated in the application and the accompanying plans submitted to the Council subject to compliance with the following conditions, the reasons for which are specified hereunder.

#### **Conditions and Reasons**

1. Timescale - The development hereby permitted shall be begun before 23 November 2024.

*Reason: In pursuance of s.91 of the Town and Country Planning Act 1990 (as amended by s.51 of the Planning and Compulsory Purchase Act 2004)*

*and to ensure compliance with the Enforcement Notice issued 6 December 2022.*

2. Approved details - This permission is in respect of the submitted application plans and drawings numbered AT-RP.001 and AT-Grp.002 received by the local planning authority on 22 December 2023, numbered AT-RP.005 received on 9 April 2024 and numbered AT-RP.002b received on 23 July 2024. The development shall be carried out in accordance with the approved details unless other minor variations are agreed in writing after the date of this permission and before implementation with the Local Planning Authority.

*Reason: For the avoidance of doubt and to ensure that the development is carried out in accordance with the application form and associated details hereby approved.*

3. Removal of demolished materials - Prior to construction all materials arising from the demolition hereby approved shall be removed from the site.

*Reason: In the interests of the amenity of the area, countryside and Green Belt.*

*Relevant policy: Core Strategy policies CP1, CP3, CP11, CP12 and Managing Development Delivery Local Plan policies TB01 / TB21.*

4. External materials - No development, except in relation to demolition and ground works, shall take place until samples and details of the materials to be used in the construction of the external surfaces of the building have first been submitted to and approved in writing by the local planning authority. Development shall not be carried out other than in accordance with the so-approved details.

*Reason: To ensure that the external appearance of the building is satisfactory within its sensitive riparian setting. Relevant policy: Core Strategy policies CP1 and CP3 and MDD Local Plan policy TB21.*

5. Landscaping - Prior to the first use/occupation of the development hereby approved there shall be submitted to and approved in writing by the local planning authority a scheme of landscaping, which shall specify species, planting sizes, spacing and numbers of trees/shrubs to be planted, any existing trees or shrubs to be retained, and full details of the proposed green roof system including maintenance.

Planting shall be carried out in accordance with the approved details in the first planting and seeding seasons following the occupation of the building(s).

Any trees or plants which, within a period of 5 years from the date of the planting (or within a period of 5 years of the occupation of the buildings in the case of retained trees and shrubs) die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species or otherwise as approved in writing by the local planning authority.

*Reason: To ensure adequate planting in the interests of visual amenity. Relevant policy: Core Strategy policy CP3 and Managing Development Delivery Local Plan policies CC03 and TB21 (and TB06 for garden development).*

6. Flood risk - The development shall be carried out in accordance with the submitted flood risk assessment (reference: Flood Risk Assessment, 29/05/2024, Planning Application No. 233172) and the following mitigation measures it details:  
- Finished floor levels shall be set no lower than 33.80 metres above Ordnance Datum (AOD) as stated in paragraph 8.3 of the FRA.

These mitigation measures shall be fully implemented prior to occupation and subsequently in accordance with the scheme's timing/ phasing arrangements. The measures detailed above shall be retained and maintained thereafter throughout the lifetime of the development.

*Reason: To reduce the risk of flooding to the proposed development and future occupants, and to protect water quality. Relevant policy: NPPF Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Technical Guidance on the NPPF (Flood Risk), Core Strategy policy CP1 and Managing Development Delivery Local Plan policy CC09.*

## Informatives

1. Please note that if the works carried out depart from the scope of this planning permission and a retrospective application under Section 73A is subsequently required, there may be CIL liability implications. The scope of any retrospective planning application will cover the chargeable development for the purposes of CIL, this will include past works that are unauthorised and any additional future works included within the planning permission. If the total floorspace of these works is over 100sqm, they will be liable to pay CIL. In such cases, no CIL exemption can be claimed, and payment will become due immediately as development for which planning permission is granted under a subsequent Section 73A or Section 177(1) application must be treated as commencing on the day any such planning permission is granted. Any demolished floorspace will not be able to be considered for offsetting if the relevant building is not on the land on the day that the permission is granted.

2. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received. This planning application has been the subject of positive and proactive discussions with the applicant in terms of:

- addressing concerns relating to flood risk and local character.

The decision to grant planning permission in accordance with the presumption in favour of sustainable development as set out in the NPPF is considered to be a positive outcome of these discussions.

3. This permission does not convey or imply any approval or consent required under the Wildlife and Countryside Act 1981 for protected species. The applicant is advised to contact Natural England with regard to any protected species that may be found on the site.

4. The applicant is reminded that the dwelling on site does not benefit from Permitted Development rights as the use of the site is a mixed use of leisure/recreation and residential.

5. Construction vehicles associated with the approved works should be parked within the site's boundaries and should not obstruct the highway. Waste produced from the demolition works must be disposed of lawfully and the river should be protected throughout the duration of the works.

6. Consent from the Environment Agency may be required for the proposed works. The applicant should contact 03708 506 506 or consult the EA's website to establish if consent will be required for the works they are proposing. This includes any proposal to undertake work

in, over, under, or within 8 metres of the top of the bank of a designated Main River, called a Flood Risk Activity permit. Please see

<http://www.environment->

[agency.gov.uk/business/topics/permitting/default.aspx](http://www.environment-agency.gov.uk/business/topics/permitting/default.aspx)

7. If the development hereby permitted is liable to pay the Community Infrastructure Levy, the Liability Notice issued by Wokingham Borough Council will state the current chargeable amount. A revised Liability Notice will be issued if this amount changes. Anyone can formally assume liability to pay, but if no one does so then liability will rest with the landowner. There are certain legal requirements that must be complied with. For instance, whoever will pay the levy must submit an Assumption of Liability form and a Commencement Notice to Wokingham Borough Council prior to commencement of development, failure to do this will result in penalty surcharges being added. For more information see the Council's website - Community Infrastructure Levy advice page. Please submit all CIL forms and enquiries to [developer.contributions@wokingham.gov.uk](mailto:developer.contributions@wokingham.gov.uk).

Signed

**PLEASE READ THE NOTES ISSUED WITH THIS DECISION NOTICE BELOW**

## **WOKINGHAM BOROUGH COUNCIL**

### **TOWN AND COUNTRY PLANNING ACTS TOWN AND COUNTRY PLANNING (ENGLAND) 1990**

**Other statutory legislation:** This decision notice relates to the above stated acts and regulations only and does not constitute approval under any other legislation.

**The Town & Country Planning (Development Management Procedure) Order:** This decision has been made in accordance with the requirements of the National Planning Policy Framework (NPPF) and in the requirement to work with the applicant in a positive and proactive manner.

**Officer Report:** An officer report explaining the decision will be available to view online.

**Purchase notices:** If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council which will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part VI of the Town and Country Planning Act 1990.

**Appeals to the Secretary of State:** If your application has been **refused** by the Borough Council or **granted subject to conditions** that you are not happy with, you have the right to appeal to the Planning Inspectorate (under Section 78 of the Town and Country Planning Act 1990). This must be within the timeframes set out below. Please note an extension of time for lodging an appeal is unlikely to be granted except in special circumstances.

**12 weeks from the decision date above** in the case of a refusal of a 'householder' application:  
Being the refusal of an application for planning permission to alter or extend a house, or for works within the curtilage of a house; or,  
Being the refusal to approve details submitted as required by a condition imposed on a permission granted for a householder application.

**12 weeks from the decision date above** in the case of a refusal of a 'minor commercial' application:  
Being the refusal of an application for development of an existing building or part of a building currently in use for purposes in Use Classes A1, A2, A3, A4 and A5

where the proposal does not include a change of use, a change to the number of units, development that is not wholly at ground floor level and/or does not increase the gross internal area of the building.

**6 months from the decision date above** in the case of all other appeals made under s78(1) or s20 of the above Acts relating to a decision on a planning application or listed building/conservation area consent application.

**6 months from the decision date above** in the case of any appeal made under s78 (2) of the Act in respect of a failure to give a decision within the statutory period.

The Planning Inspectorate is an Executive Agency reporting to the Secretary of State for Communities and Local Government. The Inspectorate has an online appeals service with information and guidance about the process. You can submit [full application appeals](#) and [householder application appeals](#) with the new appeals service. [Other application types](#) should be submitted on the current appeal service. Alternatively, you can obtain a form from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, 0303 444 5000 or through the [Inspectorate's website](#). Please note all documents will be published online by the Planning Inspectorate and therefore you should not include personal information you do not wish to be displayed in this way. This includes personal information of third parties.

**In the event of a grant of planning permission, please note the following:**

**Community Infrastructure Levy (CIL):** When planning permission is granted for a development that is CIL the Council will issue a liability notice as soon as practicable after the day on which the planning permission first permits development. Completing 'Form 2', the assumption of liability notice, is a statutory requirement for the liable party(ies) to be completed for all CIL liable applications. Advice on how the Regulations may impact you and how you can properly discharge the relevant legal requirements including paying any relevant CIL charge that may be due is available on our [Community Infrastructure Levy advice \(wokingham.gov.uk\)](http://wokingham.gov.uk) website pages.

**Discharge of Conditions:** This consent may contain conditions that require further approval by submission of an application for approval of details reserved by condition and the appropriate fee. Application forms can be obtained for this purpose by visiting the [Planning Portal](#).

**Street Naming and Numbering for new dwellings:** If this notice relates to approval of new dwellings, please ensure that you contact the Council at least 16 weeks before the commencement on site to arrange for an address and post code to be allocated. Details can be obtained from [streetnamingandnumbering@wokingham.gov.uk](mailto:streetnamingandnumbering@wokingham.gov.uk). Failure to contact the street naming and numbering department at least 16 weeks before commencement on site will result in the addressing and post code for the development being delayed.

**Access to privately owned land:** The applicant is reminded that this permission does not give right of entry to land not in the ownership of the applicant. Permission must be sought from any other landowner(s) if access is required.

**Gas Mains and Services:** Building over a gas main or service that is located within your site could cause damage to pipework or potential gas leaks within buildings. You should check for information relating to services within your site at [Home - LinesearchbeforeUdig \(lsbud.co.uk\)](http://Home-LinesearchbeforeUdig(lsbud.co.uk)) and contact the Plant Protection Team at SGN on 0800 912 1722 or [plantlocation@sgn.co.uk](mailto:plantlocation@sgn.co.uk).

**Building Regulations:** The development subject to this permission may also require Building Regulation approval to ensure it is built to national safety, design, and environmental standards. The Council's Local Authority Building Control (LABC) service offers a full range of plan approval, inspection, and associated services through an ISO9001 nationally accredited team of qualified building surveyors. These surveyors work closely with the Council's planning department to ensure the appropriate construction of your build. To find out more visit the Council's [Building Control website](#) or call 0300 790 0580 to speak to a member of the team.

**Fire Regulations:** In accordance with the Berkshire Act 1986, when Building Regulation applications are submitted for building(s) or extensions, the Local Authority will reject the plans unless, after consultation with the fire authority, they are satisfied that the plans show the following:

- i) That there will be adequate means of access for the fire brigade to the building(s) or the extended building(s); and,
- ii) That the building(s) or extension(s) will not render inadequate any existing means of access for the fire brigade to a neighbouring building.

**Biodiversity Net Gain:** The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition "(the biodiversity gain condition)" that development may not begin unless:

- a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Wokingham Borough Council.

**Biodiversity Net Gain Exemptions and Transitional Arrangements:** There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are set out in [paragraph 17 of Schedule 7A of the Town and Country Planning Act 1990](#) the [Biodiversity Gain Requirements \(Exemptions\) Regulations 2024](#), and [The Environment Act 2021 \(Commencement No. 8 and Transitional Provisions\) Regulations 2024](#).

**Biodiversity Net Gain Irreplaceable Habitat:** If the onsite habitat includes irreplaceable habitat (within the meaning of [The Biodiversity Gain Requirements \(Irreplaceable Habitat\) Regulations 2024](#)) there are additional requirements. The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

**Biodiversity Net Gain Section 73(2D):** If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission (“the earlier Biodiversity Gain Plan”) there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted. Those circumstances are that the conditions subject to which the section 73 permission is granted:

- i. do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- ii. in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

**Biodiversity Net Gain Phase Development:** If the permission which has been granted has the effect of requiring or permitting the development to proceed in phases, the modifications in respect of the biodiversity gain condition which are set out in Part 2 of [The Biodiversity Gain \(Town and Country Planning\) \(Modifications and Amendments\) \(England\) Regulations 2024](#) apply. In summary: Biodiversity gain plans are required to be submitted to, and approved by, the planning authority before development may be begun (the overall plan), and before each phase of development may be begun (phase plans).
